Perro lays out the case for why Donald Trump is a transformative president, in the face of the unrelenting attacks against him from the lying mainstream media the leaking liberal political establishment swamp in Washington DC. The constant attacks Trump faces from the media are a fruitless effort to paint the president in a negative light, but the accomplishments the Trump administration has notched so far are undeniable. The fake news has no morals anymore and can't stand the fact that Donald Trump is their president. Liberal Hollywood elites are hypocritical defenders of free speech, but attack anyone who dares disagree with them while defending predators like Harvey Weinstein. RINOs in DC also can't take that they now are members of the party of Trump and are working with liberal Democrats to thwart the president's agenda. The Mueller special counsel is a witch hunt, according to Perro, wholly crafted and funded by the Clinton campaign at the DNC, furthered by the anti-Trump leaders at the FBI. The distraction of the Mueller investigation has decelerated Trump's America First agenda, but it has still seen countless wins during these last 18 months. Perro crafts an intelligent argument against the Trump-hating narrative and provides many examples as to why President Trump is the exact person we need running the country at this moment in time.
